Disclaimer & Forward-Looking Statements: *This news release contains forward-looking statements. Forward-looking statements are statements that relate to future events or future financial performance. In some cases, you can identify forward-looking statements by the use of terminology such as “may”, “should”, “intend”, “expect”, “plan”, “anticipate”, “believe”, “estimate”, “project”, “predict”, “potential”, or “continue” or the negative of these terms or other comparable terminology. These statements speak only as of the date of this news release. This news release may also contain inferences to future oriented financial information (“FOFI”) within the meaning of applicable securities laws. The information in this news release has been prepared by our management to provide a context for the project acquisition and to provide the reader with an outlook for our future activities and anticipated key projects and may not be appropriate for other purposes. Forward-looking statements in this announcement include, (but are not limited to) advancing certain key project activities that could represent important milestones which the Company expects may represent material valuation catalysts, such as the expectation that through the Strategic Project Generator model Fidelity Minerals is positioning itself to be a beneficiary in this environment of increased appetite for prospective projects in this region. Further, forward-looking statements in this release include that Fidelity Minerals Corp. is assembling a portfolio of high-quality mining assets in Peru through the implementation of our Strategic Project Generator (SPG) model. The project generator model involves the identification and acquisition of appraisal stage opportunities with near-term valuation catalysts, including potential for high-impact M&A.*
